Dear Parents (PG – Y4)

Continuing with our commitment to maintaining high standards of educational experience and holistic character development of our students, the Junior School Parent Principal Conference for the Academic Session 2023 – 2024 is being organised.

At PISJES, we consider parental involvement as one of our top priorities. We firmly believe that parents play a significant role in creating an inclusive and empowering learning environment for our students. We are grateful for the opportunity to partner with our parent community, where we share a commitment to fostering a culture of trust, respect, and shared responsibility for every aspect of our learners' education. By working together, we aim to ensure that our students not only meet but exceed expectations and thrive in their educational journey.

PISJES engages in routine performance surveys with parents and students, which enables us to receive valuable feedback on their appreciation, perception, concerns, and expectations. This data will be discussed further at the conference, with the aim of fostering mutual understanding and establishing a collaborative path forward.

This year, the Parent Principal Conference will be held as per the following
