

3 November 2024

Dear Parents of PG - Y4,

We are pleased to invite you to the Junior School Parent Principal Conference for the 2024-2025 academic year, a key initiative in our commitment to fostering excellence and supporting the holistic development of our students.

At PISJES, we believe that active parental engagement is essential in creating an inclusive and supportive educational environment. This conference provides an invaluable opportunity for us to strengthen our partnership with you, our parent community, as we work together to build a culture of trust, respect, and shared accountability in every aspect of your children's education. Together, we strive to support our students in not only meeting but exceeding academic standards, equipping them for success throughout their educational journey.

As part of our continuous improvement efforts, PISJES conducts regular surveys to gather feedback from both parents and students on essential areas of educational experience, including recognition, perceptions, concerns, and expectations. Insights from these surveys will be central to our discussions during this conference, allowing us to foster mutual understanding and establish a clear and collaborative way forward.

You are warmly invited to attend this year's Parent Principal Conference:
